Dr. André Breedt
Director: Bureau for Public affairs
Universiteit van Pretoria
SUD AFRICA

Dear Dr. Breedt:

Thank you very much for your letter of July 29. The organization of our University is presumably quite different from yours, and we do not have an exact equivalent of your Bureau of Public Affairs, such as is described by you. The nearest thing would be our Dirección de Extensión. We are sending you a set of booklets and documents which illustrate our institution.

We are very much interested in furthering activities such as Media Liaison, Fund-raising and Liaison Services, and in providing them with a good institutional setting, so that any information that you could send us on the ways of handling these matters at the University of Pretoria would be most welcome.

I look forward to an interchange on information on these and related subjects

Yours truly,

Juan D. Vial
Rector
