Dear Colleague:

On behalf of the Council of the Pontificia Universidad Católica de Chile, it gives me great pleasure to thank you for your letter of congratulation on the occasion of our first Centennial. Your kind words, coming from an institution which has rendered such long and outstanding service to the christian faith and to culture, are deeply appreciated.

I am also grateful for your conveying the friendly wishes of Professor Borghraef, who was so kind to me on the occasion of my visit to Leuven some years ago.

Very truly yours.
