Dear Professor Nevó:

Some weeks ago, I had the pleasure to visit your Institute together with some colleagues of Latin American Universities.

Prof. Kochva suggested that you might be interested in a Program of Evaluation of Scholastic Performance (Programa de Evaluación del Rendimiento Escolar, PER), which was implemented for a few years in Chile.

I am sending some documents related to the Program, which I hope may be useful to you.

Many thanks again for your interesting talk and demonstrations.

Yours truly,

JUAN DE DIOS VIAL CORREA
Rector
