Dr. J. Iovanovici  
U. de Würzburg  
WURZBURG

Dear Dr. Iovanovici:

I want you to know how grateful my wife and I are for the kind attention you gave us during our recent visit to Würzburg. We both enjoyed immensely the extremely interesting visits to the Bishop's Residence, and to the Fortress. We were especially impressed by the marvelous collection of sculptures by Riemschneider, and we feel that our appreciation of these works was substantially improved by your presentation of them.

The visit to Würzburg was one of the most enjoyable and interesting moments in our trip to Europe. Thank you very much for the part you had in this.

Yours truly

Juan D. Vial
