Metallurgical Engineering

Para información de Don
Raul Valdivieso, Director
Escuela de Ingeniería
Universidad Católica de Chile.

August 9, 1943

Se refiere a Orlando Gonzalez
ex Alumno.

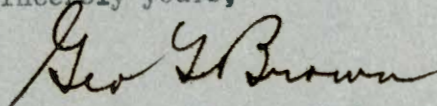

Dean C. S. Yoakum
Rackham Graduate School

Dear Dean Yoakum:

Mr. Orlando Gonzalez currently holds a
University scholarship and also a fellowship through the
State Department as a foreign student from Chile.

Mr. Gonzalez is doing very good work in
our graduate courses in metallurgy, and we recommend that
he be encouraged to continue his graduate studies for at least
another year. To assist him in obtaining an extension of his fellowship
and scholarship, we urge that this action be taken.

Sincerely yours,

Geo. Granger Brown, Chairman
