

THE FOURTH INTERNATIONAL CONGRESS OF ENTOMOLOGY
AT CORNELL UNIVERSITY, ITHACA, NEW YORK
WEEK OF AUGUST ~~19-25~~, 1928

Dear Sir:

On behalf of the Program Committee of the Fourth International Congress of Entomology, we have the pleasure of extending to you an invitation to send one or more delegates to represent your institution. This Congress is to be held August 12-18, 1928, at Cornell University, Ithaca, N. Y.

We enclose herewith a preliminary announcement which will give you some idea of our plans. The committee earnestly hopes that you will favor the Congress by sending delegates, for it is felt that much of the success of the meetings will depend upon the personal attendance of distinguished scientists. It is obviously impossible to send a personal invitation to all entomologists and although an announcement of the Congress will be published in various scientific journals, nevertheless some people may not hear of it. We should therefore esteem it a favor if you will notify your entomological colleagues of this Congress and send us in due time the names of the delegates appointed by

you.
