Very Reverend Father:

A good friend of mine, Father Vincent J. Hope, plans to enroll in the Catholic University in the not distant future. I recommended your university to him because I knew that both you and all the members of the faculty will be of all possible assistance to him. I had the pleasure of visiting the university some few years ago and we were royally entertained and treated most kindly wherever we went.

I am sure Father Hope will prove worthy of all the confidence you will place in him. He is a former army chaplain and stands very high in the estimation of his superiors.

With every good wish and kindest regards to you, and to Father Van Buren, I beg to remain

Very sincerely yours,

L. G. LIGUTTI
Executive Secretary
