Dear Dr. Beltrán:

The Faculty of Medicine, through its School of Nursing and Nursing Service of CEDIUC is programming the 2nd workshop on Health Selfcare Education to take place in Santiago between October 28th and October 31st, 1986.

The coordinator of this workshop would be very happy to have 6 health professionals from other latinamerican countries attend this meeting, (2 from Perú, 3 from Brazil, 1 from Venezuela).

To make this initiative possible, this Rectorate would like to request from Kellogg Foundation US\$6.598.- (six thousand five hundred and ninety eight dollars) to finance air fairs, per diems for six days, and to pay registration fees.

Thanking you in advance for your consideration, I remain,

Sincerely yours,

DR. JUAN DE DIOS VIAL
RECTOR.
